EXPERIENCE

Web Marketing Project Manager | Seismic Software

Hyderabad | Jun 2025 – Aug 2026

- Led the WordPress-to-Sitecore replatform of **5,000+ pages across 4 locales**, onboarding a new Engineering, UI/UX and QA team and aligning Brand, Content and Product Marketing; unlocked personalization, stronger security and better SEO.
- Drove launch of **AI Super Human**, an AI chat assistant that answered visitor queries, booked demos and routed MQLs to Sales, contributing to **\$2M in revenue**.
- Launched a sitewide exit-intent experience and **35+** localized campaigns in 4 regions, lifting CVR **15%**, organic traffic **5% MoM** and qualified pipeline leads **2% MoM**.
- Shipped **45+** cross-functional projects at a **95% on-time rate**, speeding go-to-market for product launches and campaigns.
- Cut SLA turnaround **20%** by introducing intake forms, blocker dashboards and standard processes across Engineering, CRO, SEO and Analytics.
- Built **Agentic AI workflows** for PRD generation (**4–5 hrs saved per PRD**), weekly reporting (**5 hrs saved/week**), capacity planning and follow-ups, reducing manual team effort through streamlined workflows.

Project Manager | TAG India

Bengaluru | Jan 2022 – Jun 2025

- Delivered **1,000+** omnichannel digital and print assets for Novo Nordisk, Bristol Myers Squibb, Levi Strauss and Tesco at **100% SLA compliance**, steering pharma content through **MLR review**.
- Owned multi-market delivery end to end (scoping, SOWs, budgets, resourcing, risk), sustaining **80% account margin** with weekly reporting to client leadership.
- Coordinated timelines with media agencies including OMD; created SOPs and training that standardized delivery and onboarding.

Exe Customer Project Management / Scrum Master | Tech Mahindra

Hyderabad | Oct 2018 – Oct 2020

- Led Agile delivery of websites, **GSK micro websites** and **iOS/Android apps** on AEM for global pharma clients, managing a **24-person** Design, Engineering and QA team.
- Owned delivery from requirements to production handoff to the client's regulated deployment agency, ensuring compliance with pharma regulatory requirements.
- Led localization of a sales-enablement e-learning platform across **14+ markets**, owning SOWs, budgets, vendor evaluation and ROI analysis.

Business Operations Analyst | Accenture

Hyderabad | Aug 2016 – Oct 2018

- Managed digital ad operations on Google DV360/CM360 to improve ad ROI; led a 4-person team on content strategy and analytics for a **100K+** subscriber YouTube channel.

Earlier: Associate, Amazon Development Centre (2014–2016); Data Specialist, Minvesta (2013–2014)

EDUCATION & CERTIFICATIONS

B.Tech, Computer Science & Engineering — JNTU Hyderabad, 2012 | **PSM I** (Professional Scrum Master) | **PMP** (in progress)

Additional Experience: Independent Consultant — Project & Program Management (Oct 2020 – Jan 2022)
